

Prequalification Update 2017

Batson-Cook has moved to an annual prequalification renewal program, and is requesting that all subcontractors update their prequalification information for the 2017 year. The Qualification Questionnaire can be found at our website, www.batson-cook.com/subcontract. Please use the download button at the top to download the Formatta Filler software necessary to save the form to your desktop as you complete it.

In addition, please provide the following items by attaching them to the Qualification Form:

1. Recently completed (a few representative examples) and current project lists—with contract values
2. 2016 and 2015 year-end financial statements*
3. Bond Letter from your surety confirming single/aggregate limits and length of relationship
4. A copy of your company's quality program—if available

These items can be emailed to the address below if they cannot be attached to the form.

Once this information is received, your prequalification will remain up to date until the renewal period next year. We appreciate your assistance with this information.

Please forward all questions to:

prequalquestions@batson-cook.com

*If your financial information is typically available later in the year, your update request date next year will be altered accordingly
